

## GENERAL RENTAL CONDITIONS

### 1- GENERAL RENTAL TERMS AND CONDITIONS

It is important that you read the General Rental Terms and Conditions, which constitute an agreement between all drivers and SUNSET. Drivers who are part of a reservation or rental agreement with SUNSET accept the General Rental Terms and Conditions. The General Rental Terms and Conditions apply to any booking made with SUNSET. If you understand that you do not agree with any part of the General Rental Terms and Conditions, you should not proceed with the reservation. By confirming the reservation, you accept that you have read, understood and accepted the SUNSET General Rental Terms and Conditions. For any further clarification, please contact SUNSET via email: [reservas@sunsetcar.pt](mailto:reservas@sunsetcar.pt) indicating the reservation number.

#### 1.1 - OBJECT OF THE AGREEMENT

The customer receives the rented vehicle, described in the Rental Agreement, in perfect working conditions, with all its documents, tyres, tools and accessories, undertakes to conserve them and drive the vehicle in compliance with the rules expressed in the Code of Road and complementary legislation, as well as those set forth in these General Conditions, in addition to that, you may never drive this vehicle on dirt roads, gravel or similar.

Who is allowed to rent a car? Any individual who:

- a) Be legally able to sign a contract with SUNSET and be prepared to assume responsibility for the vehicle for the entire duration of the contract.
- b) Possess credit cards, with the necessary plafond, in the name of the driver or drivers indicated in the contract to cover the bond captivation (deductible) of the same.

### 2 – THE RESERVE

When you decide to rent a car through the [sunsetcar.pt](http://sunsetcar.pt) website, you will receive a response within a maximum period of 24 hours. If your reservation is accepted, a reservation confirmation email will be sent. If you make the reservation via telephone, email, or any other means of communication, you will have the same response time. Please note that it will only be considered CONFIRMED RESERVATION upon payment and payment confirmation. The customer undertakes to pay SUNSET for his reservation within a maximum period of 24 hours. After this period, the reservation is considered cancelled.

#### 2.1- DURATION OF THE AGREEMENT

The duration of the contract is stated on the front of the rental contract, where the date and time of delivery and the return of the vehicle are specified. Rental days will be counted in 24-hour periods, starting from the exact time the customer rents the vehicle, until it is returned. The courtesy period for returning the vehicle will be 59 minutes, however it is subject to prior authorization from SUNSET under penalty of being charged an extra day of rental.

If the customer decides to terminate the contract early, the amount corresponding to the days when the vehicle was not used will be fully retained as compensation.

#### 2.2 – CHANGES OF RESERVATIONS/CANCELLATIONS

If you want to cancel your booking, please note that the Basic Protection Package is non-refundable for changing and/or canceling your booking. However, the PREMIUM and GOLD PREMIUM packages allow for changes and/or cancellations up to at least 72 hours before the start of the rental. However, you can add the extra Cancellation Fee at SUNSET which allows changes/cancellations up to 72 hours. The amount returned will be equal to the amount paid, minus the amount of administrative costs, minus the amount of return expenses and minus the costs of the banking institution (they vary from banking institution to banking institution).

#### 3 - CONTRACT EXTENSION

The customer has the obligation to return the vehicle on the date and time indicated in paragraph 2.1. If the customer wishes to extend the rental period, he must go to the SUNSET service center or by calling +351 910382415 and request the extension as well as to sign the same.

Under no circumstances may the amount deposited as a guarantee be used to extend the same. Thus, if the contract is extended, the customer must pay additionally for the new extension.

If the Contract cannot be extended because there are no vehicles available or for any other reason, the customer must return the vehicle to the station on the agreed date and time. When requesting the extension of the contract, it may be necessary, depending on the initial conditions of the same, to carry out a new contract, considering, at that time, the current contract to be extinct.

### 4 – VEHICLE RETURN

The customer is obliged to return the rented vehicle in the same conditions in which it was delivered together with all its documents, tyres, tools and accessories, in the place, at the date and time stipulated in the rental contract. The customer will not be able to modify any technical characteristic of the vehicle, keys, equipment, tools and/or accessories, nor make any modification to its exterior and/or interior appearance. Otherwise, the customer must bear the expenses related to the return of the vehicle to its original state, as well as the damages and losses caused to SUNSET due to the reconditioning of the vehicle, due to the time in which it has been immobilized, and also any other damage caused to SUNSET.

- iv. SUNSET is not responsible for any goods or objects that may eventually be left in the vehicle.

## 5 - EFFECTS OF NON-RETURN OF THE VEHICLE

The return of the vehicle at a date and time different from those established in the contract, allows SUNSET to charge the rental amount corresponding to the days of delay in the return, in addition to a penalty caused by the economic losses that the lack of that car is causing, and that amounts to €50.00 for each day of delay. Likewise, the return or abandonment of the vehicle in a location other than that referred to in the Contract, allows SUNSET to demand cumulatively:

- a) Amount of the rental corresponding to the days necessary to repair the vehicle and make it available for rent;
- b) Compensation corresponding to € 50.00 per day, relating to the economic damage caused due to the immobilization of the vehicle;
- c) Plus travel/towing costs, tolls and custody/custody, - if any - to the place agreed in the contract for its return);
- d) SUNSET reserves the right to bring the legal actions that are relevant, in any case of disappearance or non-return of the vehicle and before the competent authorities (judicial and police), with the customer being fully responsible for the legal consequences and legal consequences that may arise therefrom;
- e) The unilateral extension, by the customer, of the duration of the contract is considered as an unauthorized (abusive) use of the vehicle for the purposes of the customer's responsibility for any damage that the vehicle presents.

### 5.1 – PAYMENTS

The customer undertakes to pay SUNSET:

- a) All charges for vehicle rental, insurance and taxes determined in the rate at the time of booking, which was previously notified to the customer. The application of the initially agreed rate is subject to the return of the vehicle to be carried out at the place, on the scheduled date and time. Rates may vary depending on the season and season so, prior to hiring a vehicle, the customer will be responsible for checking the rate that applies.

The customer, after completing the vehicle rental, undertakes to pay SUNSET the amounts resulting from the following concepts:

1. For cleaning the vehicle, which must be returned in the same conditions in which it was delivered.
2. Charges caused by the loss of documents and/or vehicle keys, and/or sending the vehicle keys to the corresponding station, in cases of loss, theft, return of vehicle keys at a station other than the actual return of the vehicle, or any other situation whereby the vehicle is immobilized on behalf of the customer, the latter will have to pay compensation to SUNSET in the amount of the quote for the replacement of the key.
3. Expenses caused by the loss, theft, deterioration or damage to any element of the vehicle, or the complete vehicle, as well as problems arising from an error in the type of fuel supplied.
4. Fines, fines, sanctions and judicial and administrative expenses caused by traffic violations or laws, regulations or decree-laws (including those provided for in the Highway Code) will be borne by the customer during the duration of this contract and which have been satisfied by SUNSET.
5. Notwithstanding the foregoing, SUNSET reserves the right to charge the customer an additional charge of €50.00 for the administrative costs incurred as a result of processing and communication expenses with the relevant authorities of these acts.

The costs of repairing damage caused to the vehicle in the event of an accident, when any of the following circumstances occur:

- i. That the vehicle has not been used in accordance with the established conditions.
- ii. That the accident report - whether in the form of a 'Friendly Accident Declaration' -DAA- or 'Accident Report'- has not been completed and delivered to SUNSET within the indicated period, or that it does not fit the reality of the facts that occurred.
- iii. That the damage is the result of an accident due to the customer not correctly assessing the height of the vehicle.
- iv. That the corresponding extra insurance had not been contracted.
- v. The costs inherent to the 'Administrative expenses and processing of the accident' in the maximum amount of €50.00.

The amounts derived from these items will be charged by SUNSET directly to the customer through the electronic payment system or equivalent used to hire the vehicle, expressly authorizing the customer to carry out these charges by SUNSET. In all cases, SUNSET will immediately inform the respective charges and the reasons that led to the same, providing the customer with all the information possible.

The amount of the charge that applies to the customer for damage caused to the vehicle, will be calculated according to the price tariff published in the annex of these conditions, whose existence and amounts the Customer declares to know, being in agreement with them. When the damage caused is not included in the aforementioned price tariff, an estimate will be made with the vehicle brand workshop.

SUNSET also reserves the right to demand compensation from the customer for the immobilization of the vehicle as a result of the damage that has occurred. Said compensation will be calculated in accordance with the number of days needed to repair the vehicle and using as a basis for quantification, the daily rate of occupancy contracted, plus the € 50.00 per day provided for in the previous stipulation, since the days of immobilization of the vehicle are considered as a non-payment refund within the agreed period.

The holder of the card must ensure that its use to satisfy these General Rental Conditions (guarantee, withdrawals or withdrawals, etc.) will not cause any harm.

In this regard, you undertake to inquire at your bank about everything necessary before your card is used by SUNSET, which in turn cannot be held responsible in this regard.

Payment for the rental of the vehicle and any additional expenses must be made in the currency € (EURO).

Accepted forms of payment are: credit card, debit card, cash or bank transfer (IBAN). Allowed cards are VISA, MasterCard/Maestro, American Express. The maximum blocking time is 30 working days, from the beginning of the rental, however it may vary depending on your bank, something that SUNSET does not control and is completely outside.
